

8. Jell-O, I Love You

(ala The Doors)

Jell-O, I love you with sweet fruit or just plain
Jell-O, I know Red Dye is good for my brain
Jell-O, I love you, I want to set you aflame.
Jell-O, I want to join that Jiggler game

We're walkin' down the street
with hotdish and a sweet.
Do you think you'll be the guy
to win a Jell-O prize tonight?

Jell-O, I love you made into parfait
Jell-O Pudding makes a lovely cheesecake
Jell-O, I love you in dessert flambé
Jell-O, I love you at the discount buffet.

One Jell-O is piled high
Like a statue in the sky.
Despite the wire, its form won't hold long
When it slides, my brain screams out this song.

Sidewalk slick under our feet
we carry hotdish that has no meat
No one could ever tell it's tofu
with noodles, cheese, cream of mushroom soup

Jell-O
Jell-O
Jell-O
Jell-O
